

DYNAMICS IMAGING GROUP

SEMINAR

David W. Knowles

Cell Biology & Imaging, Life Sciences Division
Lawrence Berkeley National Laboratory

presents

**“Three-dimensional morphology and
gene expression in the *Drosophila*
blastoderm at cellular resolution”**

<http://genomebiology.com/2006/7/12/R123>

<http://genomebiology.com/2006/7/12/R124>

Wednesday, February 21, 2007

5:30 - 7:00 pm

Room HSW-1057

(513 Parnassus Avenue, Health Sciences West Bldg., 10th Floor)

**Organized by and for individuals/groups interested in exploring/expanding
their use of these emerging technologies, as well as approaching the
system-wide study of spatio-temporal coordination in biology.**

Host: Matthew Krummel, PhD, Associate Professor of Pathology
Contact: Christine Lin (415) 514-3424

Sponsored By:

 **Molecular Devices**
